# WELCOME ADDRESS

## FROM MINERS ASSOCIATION OF NIGERIA

It is a great honour and privilege for Miners Association of Nigeria, the proud organizer of the Annual Nigeria mining Week, to welcome you to this landmark 10th edition.

Over the past nine years, this annual event has stood tall in leading conversations that have hallmarked the growth and the development of Nigeria Solid Minerals sector. It has remained the prime platform for the incubation of innovative ideas fueling sectoral growth, introduction and showcasing of emerging global technologies and methodologies in mining jurisdictions, launching of national landmark achievements in our regulatory oversight (e.g eMC+, Nigeria Minerals Map, etc), business linkages and closing deals with local and international investors, educating and sensitizing small scale title holders and indigenous operators on global best practices and adherence to local operating standards, and many more.

There is no doubting the fact that, through the instrumentality of this event, the mining sector has achieved remarkable progress. From increased exploration activities to the growth of artisanal and small-scale mining, and the emergence of larger mining operations, our sector has steadily evolved.

This platform has been explored to foster investment opportunities, improved operational standards, and strengthened governance and compliance across the industry. Nigeria Mining Week has been a pivotal platform in this journey – bringing together government, investors, operators, service providers, sponsors, partners, and civil society to discuss, share, and strategize on sustainable growth for our sector.

At Miners Association Nigeria, we firmly believe that the strength of our sector lies in collaboration. Our partnership with the Ministry, investors, sponsors, and industry stakeholders has been instrumental in shaping policies, improving operational standards, and building trust in the sector. During this edition, we will further engage in initiatives that promote investment, enhance safety,

support artisanal and small-scale miners, and drive compliance with global best practices. The event will also spotlight deal rooms, technical workshops, and strategic forums to encourage practical solutions and direct engagement between operators and investors.

I hereby, once again, welcome all stakeholders – government agencies, investors, mining operators, sponsors, partners, service providers, and the media – to this milestone edition and to explore the opportunity to attend the conferences, join the workshops, and engage in the deal rooms. Your involvement will help ensure that the 10th Anniversary of Nigeria Mining Week is not just a celebration, but a launchpad for the next decade of growth, innovation, and prosperity in Nigeria's mining sector.

I will seize this opportunity to express our profound gratitude to all those who have provided the pillars of support for this event over the years. The Ministry of Solid Minerals Development as the worthy host, the PwC as our content development partner, the Vuka Group, our capacity event organizers, the NEITI as our Transparency Partners, our sponsors, exhibitors, the speakers, our sister associations and government agencies, both local and international media partners and all categories of participants. We remain immensely grateful.

Wishing all of us a most successful and positively impactful landmark 10th Edition of the Nigeria Mining Week.

Long live, The Federal Republic of Nigeria!!!

**Dele Ayanleke**  
National President

**MINERS  
ASSOCIATION  
OF NIGERIA**

# WELCOME NOTE FROM PwC NIGERIA

On behalf of the Partners and Staff of PricewaterhouseCoopers (PwC) Nigeria, I am honoured to welcome you to the 10th edition of the Nigeria Mining Week—a landmark celebration of a decade of progress, innovation, collaboration, and resilience in Nigeria's mining sector. Nigeria Mining Week remains the one event shaping the Nigerian mining landscape. With its vast and untapped exploration opportunities and widespread project development upside, Nigeria remains the investment destination of choice for discerning mining companies and investors.

This year's theme, "Nigeria Mining: From Progress to Global Relevance," is a bold declaration of Nigeria's journey and ambitions. Over the past decade, Nigeria has taken decisive steps to reposition mining as a key driver of economic diversification. From policy reforms to technological integration, from local empowerment to international partnerships, the journey has been both challenging and transformative. And now, as we mark this important milestone, we stand on the cusp of even greater things.

PwC Nigeria is a prominent advisor and supporter of the Nigerian mining industry, providing a range of advisory, assurance, and tax services to help unlock opportunities, attract investment, and address challenges like insecurity, illegal mining, and inadequate geological data. As leading advisors to the mining industry, PwC works with clients to unlock opportunities in their industry. We have over 1,500 mining professionals in all significant mining territories. The strength in serving this global industry comes from highly developed skills, experience, and the strong interconnection we maintain across our global industry specialists.

In Q1 2025, Nigeria recorded \$680 million in FDI into the mining sector, an 18% quarter-on-quarter rise anchored in lithium development, gold, and heavy mineral projects. These gains are being driven by improved investor

confidence, enhanced regulatory clarity, and increased public-private collaboration, all of which are accelerating job creation, boosting government revenues, and advancing Nigeria's economic diversification agenda. These milestones reflect the resilience and potential of Nigeria's mining sector. As stakeholders gather at this year's Nigeria Mining Week, we are reminded that sustained collaboration, innovation, and strategic investment will be key to unlocking even greater value from our mineral wealth.

Looking ahead, Nigeria's focus should be about transitioning from being a minerals producer to a minerals processing and value-addition hub, where downstream industries thrive and minerals contribute more significantly to manufacturing, exports, and employment. Global relevance will not just be defined by export volumes but by leadership in responsible mining practices, technology and innovation, regional integration with the African Continental Free Trade Area (AfCFTA) and green energy minerals such as lithium, nickel, cobalt, and rare earths that are critical to the global energy transition.

We are proud of our continued partnerships with the Miners Association of Nigeria, VUKA Group, NEITI, and the Ministry of Solid Minerals Development in organizing this forum. The success of this event is because of these collaborations.

I welcome you once again and wish you insightful deliberations, and fruitful deal making.

**Cyril Azobu**  
Partner & Mining Leader, PwC, Nigeria

# Unlocking Nigeria's Mineral Potential

# WELCOME TO NIGERIA MINING WEEK

Esteemed Delegates, Distinguished Partners, Exhibitors, and Friends,

On behalf of VUKA Group, it is an immense pleasure to welcome you to the 10th anniversary edition of Nigeria Mining Week, taking place at the Abuja Continental Hotel.

This is more than just another annual gathering; it is a momentous milestone celebrating a decade of dedication, dialogue, and development within Nigeria's solid minerals sector. Over the past ten years, this platform—built by the Miners Association of Nigeria (MAN), in partnership with PwC Nigeria and the VUKA Group, and officially hosted by the Ministry of Solid Minerals Development—has served as the premier catalyst for investment and policy advancement in this vital economic space.

The 10th anniversary is traditionally symbolised by tin and aluminium, materials deeply resonant with Nigeria's abundant mineral resources. This perfectly reflects the enduring and durable relationship we have built together with the government, investors, and operators who are shaping the sector.

Our theme for this landmark event, "Nigeria Mining: From Progress to Global Relevance," speaks directly to the ambition of the nation. It highlights the collective journey from laying foundational policy frameworks to positioning Nigeria as a competitive and attractive mining destination on the global stage.

Over the next three days, you will engage with a dynamic programme designed to address the challenges and opportunities of scaling up the industry.

Look out for our exciting new specialised forums, including the KMDC Deal Room, CEO Roundtable, the Nigeria Steel Forum, The Nigeria Gold Forum and dedicated sessions focusing on gemstones, and Women in Extractive Industries. These discussions are crucial for achieving the necessary value addition, sustainability, and industrial linkage required for Nigeria's economic diversification goals.

We extend our deepest gratitude to our host, the Ministry of Solid Minerals Development, and our partners, MAN, PwC Nigeria, and NEITI, for their unwavering commitment.

We encourage you to use this showguide as your roadmap, to connect with the more than 3,500 professionals in attendance, and to forge the partnerships that will drive the next decade of growth. We are confident that the connections made and the solutions discussed here will propel Nigeria's mining sector forward.

Thank you for being part of this historic edition. We wish you an inspiring and productive Nigeria Mining Week 2025.

Sincerely,  
**Samukelo Madlabane**  
Event Director, Nigeria Mining Week

# KADUNA MINING DEVELOPMENT COMPANY

## ABOUT KMDC

Kaduna Mining Development Company – A Gateway to Kaduna's Mineral Wealth

Established in 2015, the Kaduna Mining Development Company (KMDC) stands as a pivotal state-owned entity dedicated to harnessing the significant mineral wealth within Kaduna State. With a portfolio encompassing over 61 mineral titles, the company strategically focuses on high-value resources such as gold, lithium, and rare earth elements.

### 1 Strategic Exploration and Mineral Development

KMDC unlocks Kaduna's vast mineral wealth through focused exploration and resource development.

### 2 Economic Growth and Industrial Expansion

The company drives job creation and revenue growth, powering Kaduna's industrial transformation.

### 3 Sustainable and Climate-Smart Mining

KMDC promotes eco-friendly, climate-smart mining aligned with global best practices.

### 4 Partnership with Local and Global Investors

It builds strong alliances with local and foreign investors to drive profitable mining ventures.

# MONDAY - 13 OCTOBER 2025

## PRE-CONFERENCE

VENUE: TAMARIND A&B

### NIGERIA MINING WEEK: A DECADE OF PROGRESS, A FUTURE OF POTENTIAL

#### Registration & Coffee

#### ROUNDTABLE SESSION – TABLE 1 POSITIONING NIGERIA'S MINING INDUSTRY FOR INVESTMENTS

##### From Legacy Assets to Greenfield Discoveries: Repositioning Nigeria's Mining Investment Narrative

- What lessons from Nigeria's mining history can inform future investment strategies?
- How can legacy assets be revived using NIMEP/Mindiver data and NGSA geoportals access?
- Are greenfield targets sufficiently incentivised and packaged for competitive bidding?
- What immediate reforms can make Nigeria attractive for global exploration budgets?

##### Moderator Feedback

##### Lunch and Networking

##### Building a Globally Competitive Climate for Exploration

- Regulatory predictability: License clarity, tenure security, independent regulator; reduce investor risk perception.
- Adopt or report to AMREC-PARC to standardise Competent Person sign-off and data transparency.
- 12–24-month actions: Auction-ready assets, clarify fiscal terms, address cross-cutting risks (FX, power, insecurity).

##### Moderator Feedback

##### Global and Future Positioning (Energy Transition and Domestic Needs)

- Prioritise target minerals (lithium, cobalt, nickel, REEs, graphite and copper) and differentiate vs peers.
- Dual track: Green-minerals exports and industrial minerals for local industry ("Nigeria First").
- Enablers: Policy/fiscal incentives, geodata, and global reporting codes to plug into supply chains.

##### Moderator Feedback

##### Closing Remarks

##### Coffee and Networking

#### ROUNDTABLE SESSION – TABLE 2 INDIGENOUS JUNIORS VS FOREIGN JUNIORS

##### Balancing Indigenous Growth with Foreign Participation: Building Credible Junior Mining Ecosystems

- Strengths and gaps of indigenous mineral title holders (MTHs).
- Lessons from South Africa and Canada on growing credible juniors.
- Risks and benefits of foreign juniors: Capital, tech, and short-termism.
- Structuring entry conditions, mentorship, and local-content obligations.

##### Lunch and Networking

##### Policy, Regulation & Capacity Building

- Licencing/permitting/fiscal reforms that attract both local and foreign juniors.
- Local-content targets and co-venture templates: differentiated rules for large/medium/ASM.
- Streamline ESIA/SEMP processes: Guardrails against licence capture: build geoscience and governance capacity.

##### Moderator Feedback

##### Strategic Positioning and Long-Term Vision

- Likely answer: Hybrid model - how to structure it.
- Define success in 10–15 years (credible Nigerian juniors, regional expansion, and strong linkages).
- Ensure discoveries translate to jobs/value-addition at home.

##### Moderator Feedback

##### Closing Remarks

##### Coffee and Networking

# MONDAY - 13 OCTOBER 2025

## PRE-CONFERENCE

VENUE: TAMARIND A&B

### ROUNDTABLE SESSION – TABLE 3 FINANCING INDIGENOUS SMALL-CAP EXPLORERS

#### **Bridging the Financing Gap: Making Early-Stage Exploration Investable**

- Why Nigerian investors perceive early-stage exploration as too risky.
- True cost stack and runway needs for grassroots projects.
- Exploration financing realities: Survival strategies and bridge financing.
- What credible work programmes look like to investors.

#### **Moderator Feedback**

#### **Lunch and Networking**

#### **Alternative Financing Options**

- What's in use (friends/family, cooperatives, private/Asian deals) and associated risks.
- Tools to explore: Royalties/streams, offtakes, PPPs with traders, micro-rounds, crowdfunding with safeguards.
- How to avoid predatory terms and still show progress towards listing or formal ecosystems.

#### **Moderator Feedback**

#### **Role of Government and Development Finance Institutions (DFIs)**

- Design a public-private exploration fund/trust: grant/tax-credit schemes; sovereign co-invest.
- Clarify roles for AFC/SMDF-type vehicles: target stage = early exploration, not only advanced projects.
- 12-24-month priority measures to mobilise catalytic capital.

#### **Moderator Feedback**

#### **Closing Remarks**

#### **Coffee and Networking**

### ROUNDTABLE SESSION – TABLE 4 BUILDING A FORMAL EXPLORATION- FINANCE ECOSYSTEM (CAPITAL MARKETS)

#### **Structuring Exploration Finance: Risk Reduction, Standards, and Market Integration**

- What scares funders and how Nigeria can reduce exploration risks.
- Exploration finance ingredients: data, infrastructure, skills, standards.
- Role of NGSAs datasets and AMREC-PARC in building investor confidence.
- How to structure exploration finance using local capital markets and global best practices.

#### **Moderator Feedback**

#### **Lunch and Networking**

#### **Standards, Transparency and Investor Confidence**

- Adopt AMREC-PARC / NI 43-101 / JORC to create investable stories, Competent Person regime.
- Upgrade data transparency (NGSA datasets) and exchange disclosure to list credible explorers.
- How AMREC-PARC-classified projects unlock domestic listings and funding.

#### **Moderator Feedback**

#### **Nigerian Stock Exchange as the Financing Platform**

- Roadmap: Exploration Board on the NGX; tax incentives/credits; integration of geoscience data.
- National Exploration Fund or OJEP-style grants tied to eventual listing; blend DFIs/SWFs/commodity offtakers.
- Balance foreign inflows with local-content outcomes and wealth retention.

#### **Moderator Feedback**

#### **Closing Remarks**

#### **Coffee and Networking**

**LIFELONG SERVICE FOR YOUR TRUCK**

# WEDNESDAY - 15 OCTOBER 2025

## MAIN CONFERENCE

VENUE: BALLROOM 1&2

### Nigeria's Urgent Path to Global Mining Competitiveness: Crafting an Exploration Strategy

With the right exploration strategy, Nigeria can revive legacy assets and claim a leading role in Africa's energy transition. Anchored to Africa's Agenda 2063, a bold strategy could revive brownfields, generate greenfields, and restore competitiveness for mining-led industrialisation.

### NASD PLC – SMDF Collaboration: Accelerating Nigeria's Mining Sector

This presentation seeks to highlight capital requirements, funding options, and risks across mining project stages, while fostering stronger collaboration between the capital market and mining ecosystem to build a robust knowledge base, improve risk assessment, and drive sustainable, long-term investment into Nigeria's mining sector.

### Unlocking Small-Scale Mining Finance: The Missing Link Between Exploration and Production

This session explores innovative financing solutions, including leasing and insurance, royalty and streaming deals, BOT infrastructure, and trade finance, while highlighting the roles of banks, DFIs, trading houses, and strategic partners in unlocking SSMLs as a revenue bridge for funding grassroots and early-stage exploration.

### From Data to Discovery: Applying Mineral Systems Analysis to Design Smarter Exploration Strategies to Achieve Success

#### Lunch & Networking

### Panel Discussion: Power-Mining Integration in Nigeria: Opportunities and Risks

#### Will Nigeria's mines remain isolated power enclaves—or become anchors for electrification and industrialisation?

Africa faces a pivotal choice: Fragmented mine self-supply that weakens utilities, or power-mining integration that drives electrification and industrialisation. The World Bank's 2015 Power of the Mine report shows that anchor mines can cut costs, expand access, and attract private capital. Nigeria's Segilola gold mine, cement plants, lithium processors, and small-scale mining clusters highlight immediate potential. Exploration reforms and investments would unlock new mining, processing, and beneficiation within 10–15 years, making integration even more critical. Strategic priorities: Pilot cluster models around Segilola, cement, and lithium hubs. De-risk PPAs with appropriate risk mitigation instruments, and integrate mine power forecasts into national plans.

## KMDC DEAL ROOM

VENUE: OBECHA A & B

### Pitch Sessions III – Technology and Innovation in Mining

Digital solutions, automation, ESG-focused technologies, and impact-driven innovations.

### Investment Spotlight – Investor Pitches to Projects

DFIs, banks, and private equity firms present funding priorities, ticket sizes, and eligibility. Investors will clearly outline terms and expected ROIs.

### B2B MATCHMAKING AND ONE-ON-ONE MEETINGS

Targeted bilateral discussions between project owners, investors, and strategic partners

#### Lunch and Networking

### CASE STUDIES – SUCCESSFUL MINING INVESTMENTS IN AFRICA

Showcasing projects that secured funding and scaled successfully.

### PITCH SESSIONS IV – SUSTAINABLE & ESG-ALIGNED PROJECTS

Renewable energy and impact-focused mining projects.

### INVESTMENT ROUNDTABLE – UNLOCKING COMMITMENTS

Interactive discussion between DFIs, investors, government, and project owners to outline next steps, MoUs, and funding agreements.

Networking Opportunity

The HMD logo consists of the letters 'HMD' in a bold, white, sans-serif font, centered within a solid red square.The ROKBAK logo features the brand name in a bold, black, sans-serif font, positioned in the upper right area of the image.A large, heavy-duty construction truck, likely a paver or spreader, is shown in operation on a construction site. The truck is light-colored with yellow safety railings. It is spreading a dark material, possibly asphalt or aggregate, which is being kicked up by the wheels, creating a misty spray. The background is a clear, overcast sky.

**BUILT FOR HARD WORK**

# WEDNESDAY - 15 OCTOBER 2025

## MAIN CONFERENCE

VENUE: BALLROOM 1&2

### **Fireside Chat: Unlocking Nigeria's Quarrying Potential for Infrastructure Growth**

Quarrying is the backbone of Nigeria's infrastructure ambitions, feeding directly into road construction, housing development, and industrial expansion. Despite its strategic importance, the sector remains under-leveraged. This session explores how quarrying can be scaled sustainably, attract investment, and adopt innovative technologies to meet national infrastructure goals.

### **Panel Discussion: Embedding ESG in Junior Mining: Winning Investor Confidence and Community Trust**

ESG is now a decisive factor in mining investment, shaping both risk and opportunity. For Nigeria's junior miners, compliance with environmental and social standards and winning the social licence to operate is costly but essential to attract investors and finance. This session explores practical ESG pathways, compliance support, and showcases impact investing models from the oil and gas sector.

### **Leveraging the Domestic Experience: Need for Homegrown Strategy for Advancing the Mineral and Mining Sector.**

### **Panel Discussion: Driving Sustainable Growth – ESG Excellence and Technical Innovation in Nigeria's Mining Sector**

### **Closing Remarks**

The advertisement features two men in traditional Nigerian attire. On the left is Barr. Caleb Manasseh Mutfwang, wearing a green cap and white patterned shirt. On the right is Peter Kanang Gwom, wearing a yellow and white cap and white shirt. In the background, there is a map of Plateau State with the state emblem and the text 'GOVERNMENT OF PLATEAU STATE NIGERIA' and 'Home of Peace and Tourism'. A green text box on the right contains the following text: 'Plateau, The Tin City State, blessed with abundant Mineral Resources waiting to be Explored and Harnessed. Join the growing community of mining investors in the state. With it's rich mineral deposits, strategic location, and government support, our state is poised to become a major player in Nigeria's mining sector.' Below this text box, the text reads: 'Invest in Plateau State Today! A state where Mining Meets Opportunity.'

His Excellency

**BARR. CALEB  
MANASSEH MUTFWANG**

Executive Governor, Plateau State

**PETER  
KANANG GWOM**

Hon. Commissioner Environment,  
Climate Change and Mineral Development

# WEDNESDAY - 15 OCTOBER 2025

## NIGERIA GOLD DAY

VENUE: ASO HALL

<b>Welcome Address</b>
<b>Government Keynote Address</b>
<b>Company Spotlight: Driving Nigeria's Gold Mining Success – The Segilola Story</b>
<b>Company Spotlight</b>
<b>Unlocking Regional Gold Opportunities – The West Africa Perspective</b>
<b>Building a World-Class Gold Exploration Programme in Nigeria</b> A strong well designed and executed exploration program is the foundation of a viable gold industry. This session unpacks what makes an exploration project "game-changing": from identifying credible targets, balancing drilling with geological understanding, to building a resource base that attracts investors. It also stresses prudence in decision-making through commodity cycles.
<b>Technical Session: Responsible Gold Mining – Environmental and Social Practices</b>
<b>Lunch and Networking</b>
<b>Building Successful Small-Scale Gold Mining Projects</b>
<b>Unlocking Nigeria's Gold Potential: Reviving Brownfields and Building Flagship Projects for Investment</b>
<b>Technical Presentation: Innovative Financing of Gold Exploration and Small-Scale Mining in Nigeria</b>
<b>Fireside Chat: High-Level Investment and Financing</b>
<b>Spotlight Session: West Africa Gold Success Stories – Lessons for Nigeria</b>
<b>Closing Remarks</b>

# WEDNESDAY - 15 OCTOBER 2025

## STEEL FORUM

VENUE: TAMARIND A&B

<b>Opening Remarks and Welcome Address</b>	
<b>Welcome Address</b>	
<b>Ministerial Address and Official Opening: The Vision for Nigeria's Steel Industry - A Master Plan for Growth</b>	
<b>Keynote Address: Bridging the Gap – Investment Opportunities in Nigeria's Steel Demand-Supply Imbalance</b>	 african industries Serving Nigeria since 1971
<b>De-Regulation and Private Sector Dynamism – Charting the Course for Investment</b> This dynamic panel will engage in a candid discussion on the transformative outcomes of Nigeria's steel industry privatisation policy. Panellists will share insights into the evolving role of the private sector, highlight compelling success stories from indigenous and expatriate operators, and analyze how current regulatory frameworks are being continuously refined to attract, facilitate, and safeguard both foreign direct investment and local capital. The discussion will also touch upon the challenges faced and innovative solutions being implemented.	
<b>Coffee and Networking</b>	
<b>Fireside Chat: Nigeria's Abundant Resources – The Foundation for a Thriving Steel Industry</b> This in-depth presentation will provide a detailed geological and economic analysis of Nigeria's vast, proven mineral reserves critical for steel production. It will cover major deposits of high-grade iron ore (with specific focus on Itakpe and other significant sites), coking coal, limestone, and other essential metallic minerals, such as lead-zinc, copper ore, ferromanganese, lithium ores, and silica. The presentation will leverage recent data from initiatives like NIMEP, focusing on data-driven insights into exploration potential, resource quality, and accessibility for investors.	
<b>Local Value Addition and ESG Standards – Attracting Responsible Capital</b> This panel will explore the critical nexus between government policies promoting in-country mineral value addition and the increasing global emphasis on environmental, social, and governance (ESG) standards. The discussion will cover how Nigeria is actively creating an enabling environment for responsible mining and processing, attracting capital from investors committed to sustainable development. Panellists will share best practices, discuss regulatory incentives, and highlight the long-term benefits of integrating ESG principles into steel sector investments.	
<b>Lunch and Networking</b>	
<b>The Metallurgical Industry Bill – A New Era of Regulation and Opportunity</b> This presentation will provide a detailed and authoritative explanation of the recently proposed Metallurgical Industry Bill. The speaker will elaborate on its implications for effective regulation of the steel sector, outlining how it will introduce enhanced operational safeguards, ensure compliance with national economic directions, and foster a more organised, transparent, and attractive investment climate. The session will highlight how this legislative framework is designed to provide greater certainty and protection for investors.	
<b>West Africa's Steel Hub – Nigeria's Strategic Advantage</b> This session will powerfully articulate Nigeria's strategic geopolitical and economic position within the West African sub-region as a burgeoning steel hub. The speaker will highlight key advantages, including Nigeria's immense market size, abundant natural gas resources (crucial for energy-intensive steel production), and the significant accumulation of metallic scrap, which has already fostered a cluster of mini-steel mills.	
<b>Open Forum: Investor Q&amp;A and Deal Facilitation</b> This highly interactive session will provide a direct conduit for potential investors to engage with key stakeholders. It will be an open forum for attendees to ask questions directly to government officials, industry leaders, legal experts, and financial advisors. The moderator will also facilitate initial deal discussions and matchmaking opportunities, encouraging concrete steps towards investment and collaboration.	
<b>Closing Remarks and Call to Action</b> <b>Dr. Chris Isokpunwu, Permanent Secretary, Ministry of Steel Development, Nigeria</b>

# TECHNICAL WORKSHOPS PROGRAMME

VENUE: BALLROOM 3&4, EXHIBITION HALL

## TUESDAY, 14 OCTOBER 2025

14:05 – 15:05	Training and Technical Workshop	
15:15 – 15:45	MIKANO/LOVOL Partnership, LOVOL Product Overview and Mining Solution	
15:55 – 16:25	SMT Nigeria	
16:35 – 17:35	Presentation and Technical Workshop (Session 1): Exploration in Nigeria: Understanding the Tectonic Development to Understand the Mineral Potential in Nigeria	

## WEDNESDAY, 15 OCTOBER 2025

09:00 – 10:00	Training and Technical Workshop	
10:15 – 11:15	Presentation and Technical Workshop (Session 2) Exploration in Nigeria: The Mineral Systems and Exploration Approaches in Nigeria	
11:30 – 12:00	Technical Workshop (Presentation/Demo)	
13:35 – 13:45	Video Presentation	
14:00 – 14:15	Project Update Presentation	
14:30 – 14:45	Company Presentation	
15:00 – 15:30	Technical Discussion: Unlocking Nigeria's Gemstone Economy: From Artisanal Trade to Global Market Player	
15:45 – 16:15	Presentation and Q&A: Australia's Support for West Africa's Exploration Future	
16:30 – 17:00	Presentation and Q&A Designing Successful Small-Scale Gold Mines	
17:15 – 17:30	Technical Workshop	

# SEGILOLA RESOURCES OPERATING LIMITED

Pioneering Gold Mining & Sustainable Growth in Nigeria

Segilola Resources Operating Limited (SROL), Nigeria's premier gold exploration and mining company, has produced over **313,206 ounces** of gold since the start of commercial production up to **Q2 2025**, while driving local impact with a **98% Nigerian workforce**, **27%** of whom are from its host communities.

## Awards & Recognition

## Sustainability & Community

Roads built from repurposed mine rock, saving **\$4.8m**.

**77%** of water recycled in **2024** and **35,820 kg** of plastic waste eliminated

SROL Annual Football Tournament and community medical outreach.

Construction of Oba of Imogbara Palace, and equipping of Iperindo Community High School amongst others.

Livelihood Restoration Program (**28,400 high yield Cocoa, 2,100 Oil Palm seedlings**, fertilizers and herbicides were distributed to farmers).

Scholarships, Women's Initiative programme, youth empowerment programmes.

*Segilola Resources Operating Limited is committed to responsible mining, local empowerment, and long-term value creation.*

# PARTNER LISTINGS

## MINISTRY OF SOLID MINERALS DEVELOPMENT

Host

**MSMD** [www.msmd.gov.ng](http://www.msmd.gov.ng)

The Ministry of Solid Minerals Development is in charge of formulating policy, providing information and knowledge to enhance investment in the sector, regulating operations in the solid minerals sector, and generating appropriate revenue for the government.

Their vision? To transform the Nigerian mineral and metal sector into an irresistible mining destination for global capital, attracting foreign direct investment to grow the sector to optimum level.

## MINERS ASSOCIATION OF NIGERIA

**MINERS ASSOCIATION OF NIGERIA**

Organiser

[www.minersassociationofnigeria.org.ng](http://www.minersassociationofnigeria.org.ng)

MAN is the industry association and the umbrella body for all individuals and groups engaged across the Nigerian mineral value chain, which includes exploration, mining, quarrying, mineral trading, consultancy, and other related services. The Association was established in 1944 as Association of African Miners and it has the main objective of protecting and promoting the interests of its members through partnership and collaboration with government agencies and all critical stakeholders to engender investment friendly policies for the ease of doing mining businesses. The Association is headquartered in Abuja and has membership and chapters in all the 36 states of Nigeria and the FCT.

## PRICewaterhouseCOOPERS (PwC)

Knowledge Partner

[www.pwc.com](http://www.pwc.com)

PwC is a network of firms in 149 countries with over 370,000 people who are committed to delivering quality in assurance, advisory, and tax services. In Africa, we're the largest provider of professional services with close to 400 partners and over 9,000 people in 34 countries. As leading advisors to the mining industry, PwC works with clients to unlock opportunities in their industry. We have over 1,500 mining professionals in all significant mining territories. Strength in serving this global industry comes from highly developed skills, experience, and the strong interconnection we maintain across our global industry specialists. Our expertise, global coverage, and track record with public and private mining companies puts us in a position to provide our clients with solutions that add real value to their business.

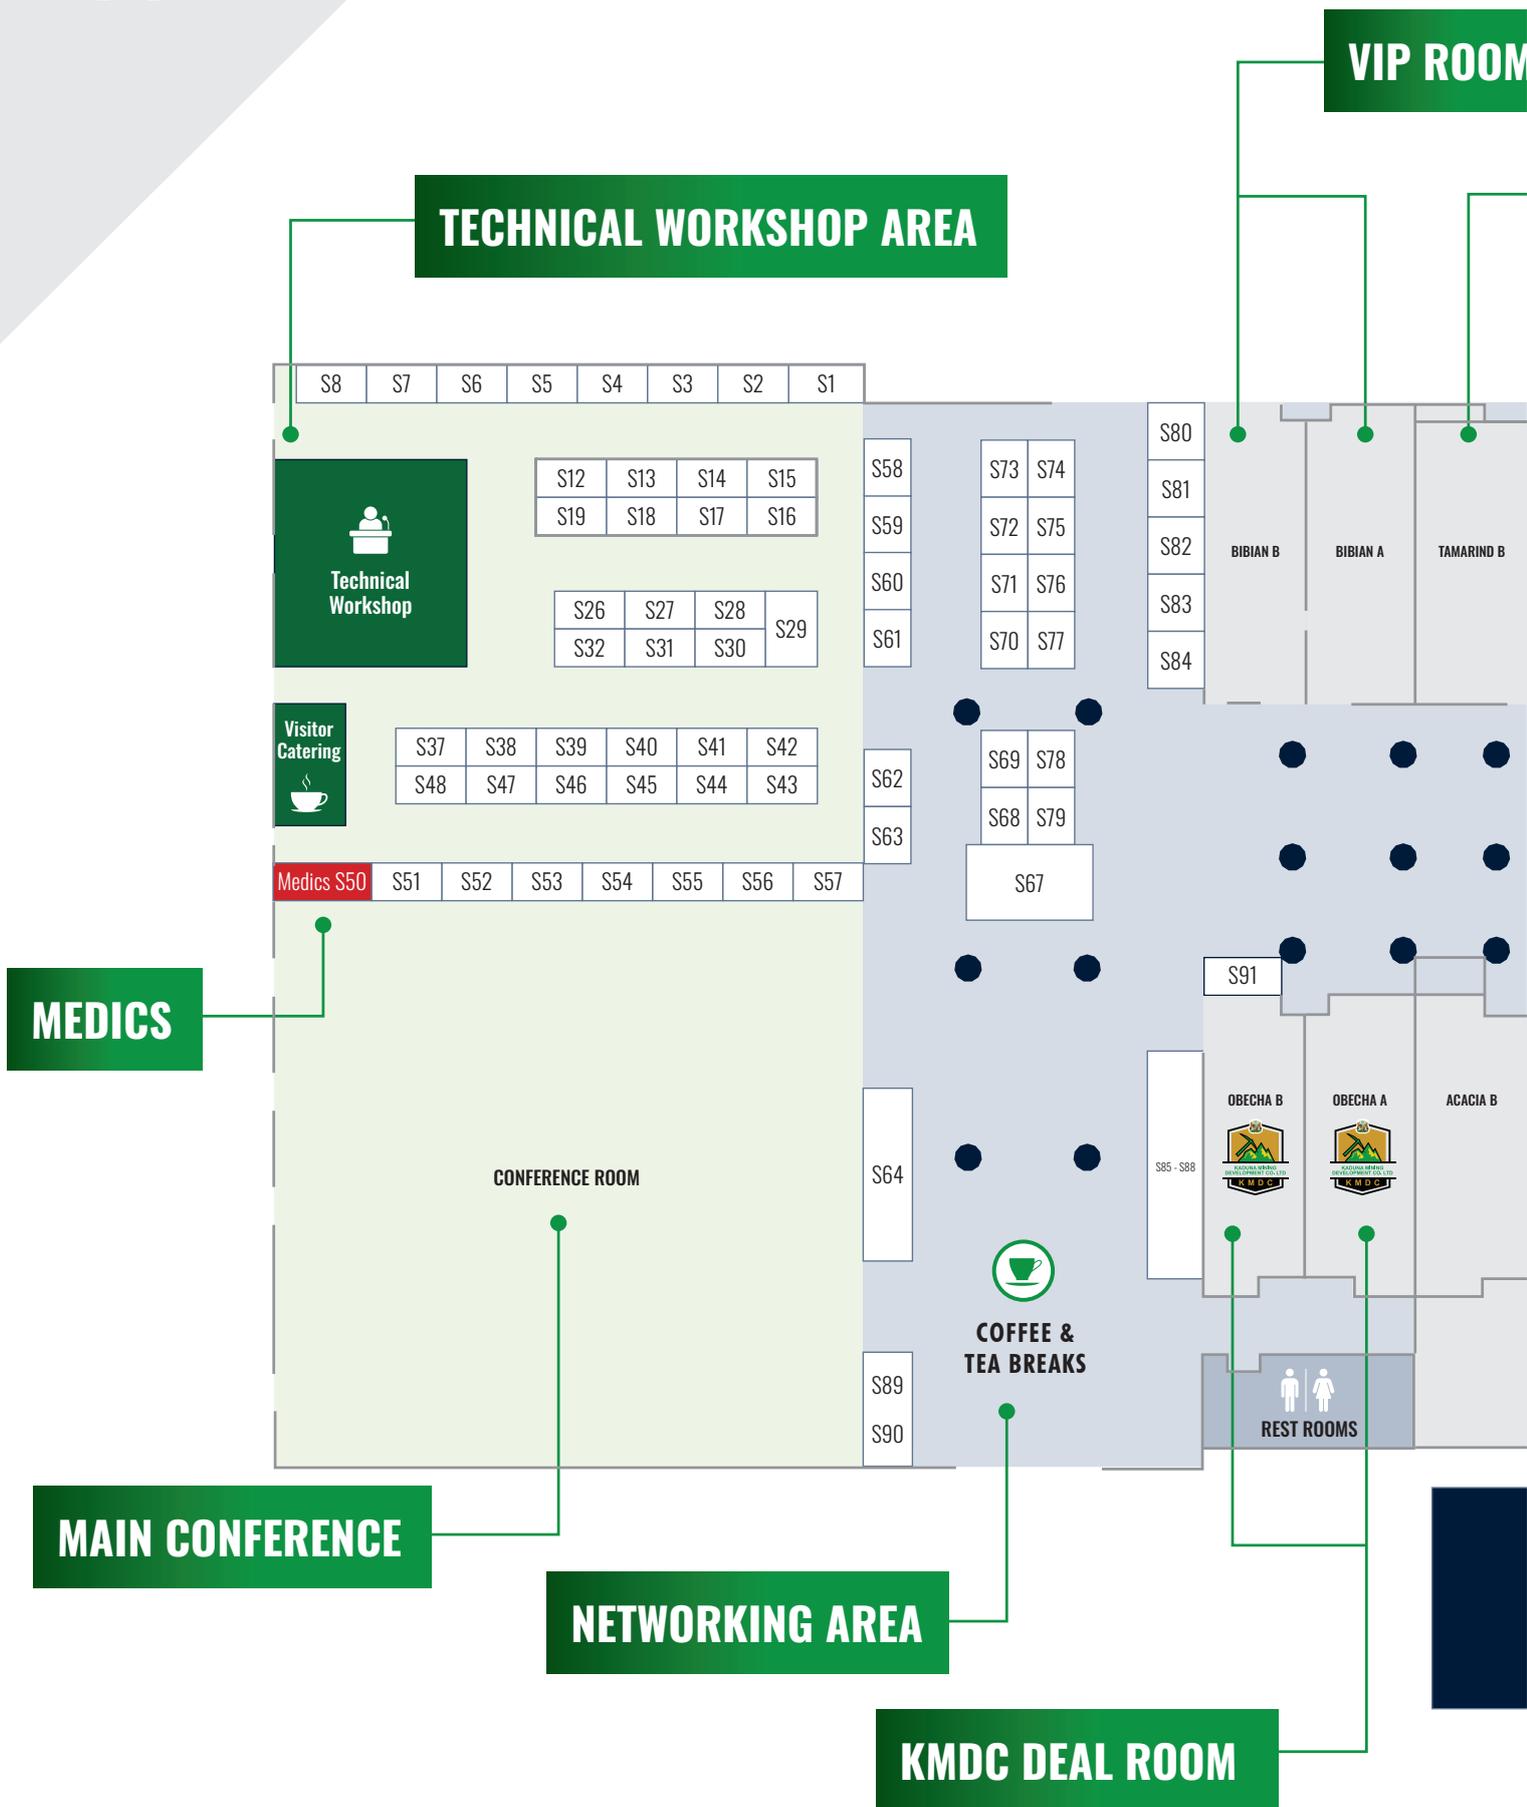

## NEITI

Transparency Partner

The Nigeria Extractive Industries Transparency Initiative (NEITI) is a Federal Government agency established to promote transparency, accountability, and good governance in the management of Nigeria's oil, gas, and solid minerals sectors. NEITI is the national chapter of the global Extractive Industries Transparency Initiative (EITI) and implements its standards to ensure a transparent and accountable management of natural resources. Through comprehensive audits, policy advocacy, stakeholder engagement, and data-driven reporting, NEITI works to strengthen institutional frameworks, reduce corruption, and ensure that the country's natural resource wealth translates into sustainable development for all Nigerians. NEITI collaborates with government institutions, private sector operators, civil society organisations, and development partners to promote accountability and improve sector governance. By fostering transparency across the extractive value chain, NEITI plays a critical role in shaping reforms, attracting responsible investment, and driving equitable growth in Nigeria's resource-rich economy.

# SPONSOR AND EXHIBITOR LISTINGS

## AFRICA FINANCE CORPORATION (AFC)

### Diamond sponsor

AFC's approach combines specialist industry expertise with a focus on financial and technical advisory, project structuring, project development, and risk capital to address Africa's infrastructure development needs and drive sustainable economic growth. AFC has developed a track record as the partner of choice in Africa for investing and delivering on instrumental, high-quality infrastructure assets that provide essential services in the core infrastructure sectors of power, natural resources, heavy industry, transport, and telecommunications.

## AFRICAN INDUSTRIES GROUP

S26, S27

### Silver sponsor

African Natural Resources and Mines Limited (ANRML), established by African Industries Group, operates a fully integrated iron ore mining and processing plant in Gujeni village, Kagarko LGA, Kaduna State—the first of its kind in Nigeria. The plant, equipped with advanced technology, processes magnetite iron ore sourced from its mines. It also has a captive power plant based on environmentally friendly waste heat recovery technology catering to its in-house power needs.

## BRISTOL SCIENTIFIC

S61

### Bronze sponsor

Bristol Scientific provides high-quality laboratory equipment and solutions tailored for the mining industry. We support mineral analysis, sample preparation, and process control with precision instruments that ensure reliable results. Our expertise helps mining labs improve accuracy, efficiency, and compliance across exploration, extraction, and environmental monitoring processes.

## DINGXINDA MACHINERY CONSTRUCTION CO., LTD. S81, H13A

### Platinum sponsor

Dingxinda Machinery Construction Co., Ltd. Dealers of Lonking wheel loader, forklift and other range of Lonking Products. We also have a huge spare parts warehouse and a skilled maintenance team who are dedicated to service. We are located in Lagos, Abuja and Port-Harcourt city.

## ENERGY AND MINERAL RESOURCES LIMITED (EMR)

### Silver sponsor

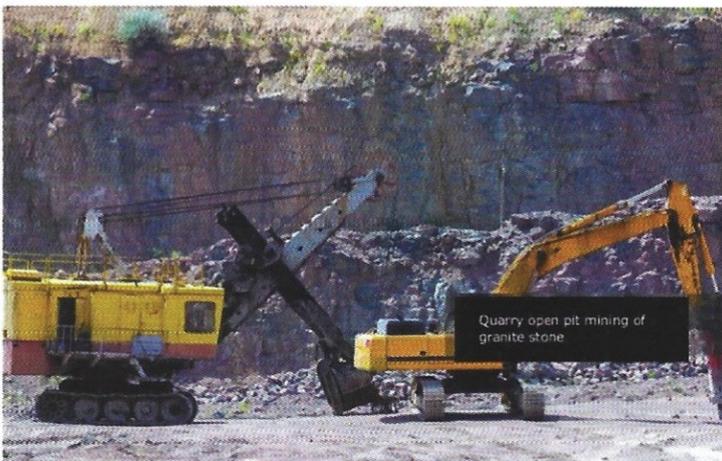

EMR is an extractive industry consulting organization that provides cost-effective and robust exploration and mining solutions to its clients across the mining value chain. EMR Mining currently has some high-value metallic mineral licenses across the country and is actively exploring and maturing the licenses towards mining. The company currently produces granite aggregates from its quarry in south western Nigeria while embarking on an accelerated metallic mineral development programme in a cost-efficient, timely, and safe manner.

## ENR ADVISORY

### Silver sponsor

ENR Advisory is an energy and natural resources focused law firm with lawyers that understand the mining business and have been instrumental in shaping Nigeria's mining sector policies and legislation. The firm provides informed and nuanced legal support to investors and operators in the mining industry in connection with the acquisition and divestment of mining rights, exploration, mine development and mining operations, and regulatory compliance.

**OUR VISION:** Providing Most Dependable Product and Services for Nation Building.

**OUR MISSION:** To be the one-stop shop civil explosives service provider in Nigeria and West African sub-region providing safe, effective products and efficient services.

Our services in steps  
our company has a safety and training coordinator who oversees staff training, health, safety and environmental related matters

# SPONSOR AND EXHIBITOR LISTINGS

## GEOSCAN TECHNOLOGY & ESO TERRA

S6-S8

### Gold sponsor

GeoScan Technology and Eso Terra deliver an integrated Mines to Market pathway. GeoScan Technology drives projects from prospectivity through geodata to bankability (JORC/NI 43-101) and mine readiness. Eso Terra brings operational expertise, advancing a curated Nigerian licence and quarry portfolio while offering turnkey mine setup and management for licence holders nationwide.

## GUIDELINE GEO

S58-S60

### Diamond sponsor

Guideline Geo is a global leader in geophysics, providing complete solutions for subsurface mapping. With expertise in groundwater detection, risk assessments, infrastructure investigations, utility mapping, archaeology, and mineral exploration, Guideline Geo combines ABEM and MALÅ's strengths to deliver advanced instruments, software, and services for comprehensive geophysical solutions worldwide.

## HEBEI JINCHANGSHENG CHEMICAL TECHNOLOGY CO., LTD.

S73

Hebei Jinchangsheng Chemical Technology Co., Ltd. Established in 2011, our chemical factory is located in Shijiazhuang city, Hebei Province. We are manufacturers of mining chemicals, such as copper sulfate, zinc sulfate, sodium metabisulfite, and activated carbon. We can also provide centrifugal pumps and slurry pumps.

## HENAN ZGM INDUSTRIAL TECHNOLOGY CO., LTD

S42

Henan ZGM Industrial Technology Co., Ltd is a famous industrial company in the world, focusing on the provision of aggregate, mining, industrial powder, construction waste processing equipment, technology upgrading, and systematic solutions.

## HENAN HONGXING MINING MACHINERY CO., LTD

S15

The group has a high-end mining machinery production and export base. The products cover four series of crushing, sand making, screening, and milling, and at the same time provide customers with engineering design and EPC general contracting services. The products have successively passed ISO9001, CE (European Union), EAC (Russia) and other international quality system certifications.

## HMD GROUP

S71, S72, H16

### Diamond sponsor

HMD proudly partners with Rokbak to bring you rugged, high-performance haulers built for demanding mining and construction sites. With payloads up to 38 tonnes, these machines deliver consistent reliability, power, and productivity - backed by HMD's trusted local support.

## ITECH SCOUT LABS SOLUTIONS PRIVATE LIMITED S69

### Bronze sponsor

Tech Scout Labs is a leading technology solutions partner dedicated to enabling business transformation since 2021. With a focus on innovation and cutting-edge technology, we specialize in providing purpose-built, outcome-oriented solutions. Our key services include fleet management, fuel management, garage and store management, industrial IoT solutions, comprehensive hardware-driven software solutions for mining, transportation, logistic, agriculture, and other industries.

## JIANGXI JXSC MINING MACHINERY CO., LTD

H5

JXSC Mine Machinery Factory was established in 1985. We are a leading mineral processing OEM & ODM manufacturer in China with over 38 years of rich manufacturing experience and professional mining technology:

1. +38 years history manufacturing mining machinery
2. Providing complete sets of mineral processing plants
3. Providing engineering teams of after-sales service

## KADUNA MINING DEVELOPMENT COMPANY OBECHA A&B

### Diamond / Deal Room Sponsor

Kaduna Mining Development Company (KMDC) is a strategic mining hub bridging Nigeria and Africa's mineral wealth with global markets. Focusing on gold, tin, lithium, and rare earth minerals, KMDC unlocks new wealth. Since 2015, KMDC has 60+ mineral titles and invites investors and partners to join an ambitious drive for sustainable growth and prosperity.

## KURSI GROUP

S58, S59 & S60

### Diamond sponsor

Kursi Group is a leading fully diversified group of companies with operations spanning the entire value chain, including exploration, mining, trading, and jewellery manufacturing. Kursi has acquired some of the most viable licenses and sites, prioritising responsible sourcing and sustainable mining practices and became a member of the Responsible Jewellery Council (RJC), solidifying their commitment to sustainability.

## LIAONING VASOAR CO., LTD.

S13

Liaoning Vasoar Co., Ltd. is a professional manufacturer, service provider, and parts supplier of crushing and screening equipment, focusing on equipment research and development, as well as production and manufacturing in the field of mining crushing and screening. Vasoar is equipped with professional laboratories, large-scale test benches, advanced machining equipment, assembly workshops, and large warehouses. Besides, we have a professional technical team, production team, experienced quality inspection team, skilled maintenance and after-sales team, and domestic and overseas sales team.

## MATRIX ENERGY GROUP

### Gold sponsor CEO Roundtable sponsor

Matrix Minerals Exploration and Mining Limited responsibly explores, mines, and trades solid minerals across Nigeria. Operating a licensed buying center, we export key commodities like cassiterite, zinc, lead, gypsum, dolomite, and lithium while upholding global best practices, sustainability, and safety. Our expertise ensures ethical sourcing, environmental stewardship, and reliable partnerships in the mining sector.

## MIKANO MOTORS LHCV X LOVOL

S78, H2

### Diamond sponsor

LHCV is a division of Mikano Motors that deals with light and heavy construction vehicles such as Hyundai, LOVOL, and DFAC. With decades of expertise in engineering high-performance machinery, LHCV is at the forefront of innovation, providing world-class solutions for the construction, mining, and infrastructure sectors.

## THE NIGERIAN INDIGENOUS WOMEN IN MINING & NATURAL RESOURCES ORGANISATION (NIWIMNRO)

### Bronze sponsor

NIWIMNRO is an NGO dedicated to strengthening the voices and rights of indigenous women in mining and resource sectors across Nigeria. We advocate for gender inclusion, resource equity, community safety, and sustainable practices. Through workshops, policy engagement, stakeholder partnerships, research, data gathering, and on-the-ground initiatives, NIWIMNRO works to ensure that women in artisanal mining are empowered, protected, and fully represented in decisions that impact their lives and land.

## PANAFRICAN EQUIPMENT GROUP

S79

### Bronze sponsor

The Panafrican Group is a recognised leader in providing Komatsu, Metso, and AGCO equipment and aftersales support solutions in the markets we operate. We have particular expertise in the large mining, light and alluvial mining, cement and aggregates, agriculture and forestry, civil and infrastructure, and power and energy sectors.

## PLATEAU STATE

S31 & S32

### Gold sponsor

Plateau State known as the “Home of Peace and Tourism” is located in the country’s central region and characterised by its highland geography centered on the Jos Plateau. The state features a cooler climate, unique rock formations, and culturally diverse inhabitants, with agriculture and mining as major economic activities.

## POWERKING CORPORATION

S37

Powerking is a manufacturer of geological drilling rigs, hydraulic breakers, and drilling rig spare parts. It was established in 1991 and is located in South Korea.

- Geological and Water well drilling rigs
- Hydraulic breakers
- Jumbo and crawler drill spare
- NRC (New Rock Cracker): Non-explosive, chemical rock cracker

## PRD RIGS

S62

### Bronze sponsor

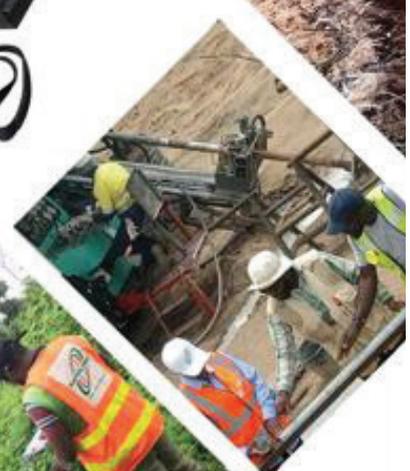

PRD RIGS is a leading global drilling rig manufacturer. Established in 1972, the company has continuously evolved, leveraging its 50 years of experience to manufacture and export a comprehensive range of drilling rigs suitable for a wide variety of applications, such as water well drilling, surface exploration, mining, geotechnical, solar projects, cathodic protection, and customised rigs. PRD Rigs are tailored to meet the current mining standards and norms.

PW Nigeria has a reputation for professionalism and reliability in all sectors of our business. In addition to our core strengths of mining, civil engineering, and construction, we also provide extensive management and support services, logistics, and a highly qualified management team.

## RAPIDLINK RESOURCES LIMITED

S64

### Gold sponsor

RAPIDLINK RESOURCES LIMITED is a construction, oil & energy, exploration & mining company based out of Nigeria with offices in various parts of the world. Its a subsidiary of Rapidlink Group of Companies.

## SEGILOLA RESOURCES OPERATING LIMITED S85-S88

### Gold sponsor

Thor Explorations Ltd is a West Africa-focused gold producer listed on the TSX-V (THX) and AIM (THX). Its 100%-owned Segilola Gold Mine in Nigeria, the country's first large-scale gold mine, began production in late 2021. Thor produced 85,057 ounces in 2024. It also holds a 70% interest in Senegal's 1.78Moz Douta Project and recently expanded into Côte d'Ivoire through multiple gold exploration agreements.

## SHANDONG XINHAI MINING TECHNOLOGY AND EQUIPMENT INC

S44

Shandong Xinhai Mining Technology & Equipment Inc. is a leading international

EPC+M+O service provider and general contractor in the mining industry, delivering full-cycle solutions across mining, mineral processing, and tailings storage facility (TSF). Xinhai has a factory for mineral processing equipment (it has the production capacity for large-scale mining machinery such as ball mills with a diameter of fewer than 7 meters), test centers, and a 2,000m<sup>2</sup> - pilot center for your minerals.

## SHANGHAI SANME MINING MACHINERY CORP., LTD.

S41

YIFAN Machinery is a professional mineral processing equipment manufacturer. We provide not only high-quality equipment but also comprehensive services, ensuring a smooth experience from inquiry to installation.

## SINOGRAND

S82-S84, H15

### Diamond sponsor

Together, we are mining better in Nigeria. Sinogrand is the authorized dealer of Tonly (best known for its dumper, more than 400 units in Nigeria) and Liugong brand (full range of equipment) that provide one-stop mining equipment solutions. Our mining solutions target improved productivity, efficiency, safety and sustainability, reliability, and spare parts availability for clients in Nigeria's vital mining industry.

# SPONSOR AND EXHIBITOR LISTINGS

## SINOTRUK NIGERIA

S3, S4 & H17

### Platinum sponsor

First Truck Sales and Service Company Limited is an officially authorized first-tier integrated service dealer of SINOTRUK in Nigeria. Relying on a strong technical team and a complete service system, the company is committed to delivering one-stop truck solutions to our customers. We also provide comprehensive coverage in after-sales service, spare parts supply, and maintenance, ensuring that our customers enjoy efficient, reliable, and professional support.

## SMARTFLOW TECHNOLOGIES LTD

S80

### Bronze sponsor

Smartflow Technologies Ltd is an engineering and technology company specialising in level, flow, and automation solutions for various industries. With 200+ staff in strategic locations around Nigeria, we offer excellent support. Certified by relevant authorities, we collaborate with global OEMs to deliver top-notch products and services to an array of industries in Nigeria and West Africa.

## SMT NIGERIA

S70, S77, H4/H14

### Platinum sponsor

SMT Nigeria is the local representative of SMT Africa, a company with solid experience and operating in more than 20 countries in Africa. Thanks to our wide range of products, innovative services, and technical knowledge, we offer our customers a complete solution for their mining activities.

## SNAIL TRUCK NETWORK (SHANDONG) E-COMMERCE CO., LTD. S18

Founded in 2016, Snail Truck Network (Shandong) E-Commerce Co., Ltd. is the first pilot enterprise for exporting second-hand trucks in China, which has an area of 1,000,000 square meters and a daily transaction volume of more than 1,000 vehicles, making it the largest second-hand trucks export base in Asia.

## SOLAR NIGACHEM LIMITED

S91

### Silver sponsor

Solar Nigachem Limited has been at the forefront of the explosives market as a leading manufacturer of commercial explosives and its related products used for nation building with the vision of 'Providing Most Dependable Products for Nation Building' and are known for quality and safety. We are renowned for our cutting-edge technology & sustainable solutions in the explosives industry.

## SOLID MINERALS DEVELOPMENT FUND

S88-S90

### Nigeria Gold Day sponsor

The Solid Minerals Development Fund (SMDF) is a federal government agency dedicated to driving investment, innovation, and sustainability across Nigeria's solid minerals sector. SMDF fosters responsible mining, supports value chain development, and promotes formalization of artisanal activities to unlock Nigeria's mineral wealth for shared prosperity and national growth.

# SPONSOR AND EXHIBITOR LISTINGS

## TITAN MINERALS LIMITED

S67, H1

### Diamond plus sponsor

Titan Minerals Limited (TML) is a leader in Nigeria's mining industry, offering a comprehensive suite of geological services - from greenfield target generation and mineral exploration to resource evaluation and feasibility study input. With deep expertise in geological consultancy, exploration drilling, and project development, TML delivers innovative, end-to-end solutions that drive sustainable growth and unlock mineral potential across the region.

## TURBO MECHANICAL EQUIPMENT NIGERIA LIMITED

S76

TURBO MECHANICAL EQUIPMENT NIGERIA LIMITED was founded in 2012 and is headquartered in Abuja, the capital of Nigeria. It is a comprehensive service provider integrating equipment leasing, parts supply, equipment maintenance, complete machine sales, and after-sales service.

## XUGONG NIGERIA COMPANY LIMITED

### Diamond sponsor

Xugong Nigeria Company Limited (XCMG) is the integrated proposal solutions and high quality services supplier in the mining and construction machinery field.

## YANTAI JINPENG MINING MACHINERY CO., LTD
